DESTINATION *weddings*

TRAVELING FOR YOUR DAY

Your elopement can take you wherever your story leads. Whether it's just a few states away or somewhere across the ocean, I'm happy to come along.

DESTINATION ELOPEMENT COLLECTIONS ARE CUSTOM-QUOTED BASED ON THE LOCATION, TIMING, AND LOGISTICS OF YOUR DAY.

Travel costs can include airfare, lodging, rental transportation, parking, baggage, and other necessary travel expenses. Because these costs fluctuate throughout the year, your travel estimate will be based on current rates at the time of booking.

WHAT INFLUENCES THE COST?

- **Location** — Flights, driving distance, transportation, and lodging vary significantly by destination.
- **Timing** — Peak travel seasons, holidays, weekends, and major local events can affect airfare and accommodations.
- **Booking timeline** — Travel costs can change considerably depending on how far in advance flights and lodging are reserved.
- **Your itinerary** — Multiple locations, remote destinations, ferries, additional transportation, or multi-day celebrations can require additional travel time and expenses.

YOU'LL NEVER HAVE TO GUESS WHAT TRAVEL WILL COST.

Your proposal will include a clear travel estimate based on the current cost of getting me to and from your destination, so you can see the full investment before booking.
